3. **Changes in Technical Specification document, Section 8 - Terms and conditions & Payment Terms, point (e)**

Previous clause	Revised clause
Procurement, integration and support of a suitable open-source or in-built PACS will be the vendor's responsibility. The charges for the PACS software are to be accounted for in the Price-Bid and billed to IITB.	Procurement, integration and support of a suitable open-source or in-built PACS will be the vendor's responsibility. The charges for the PACS software are to be accounted for in the Price-Bid and billed to IITB. It is not mandatory to share the source code of the PACS software or module with IIT Bombay. The bidder must either offer an in-built PACS module, or provide (preferably) an Open-source PACS product that is compatible with their HMIS. The bid amount should include PACS as a line-item which is an essential part of the bid.

4. **Changes in Technical Specification document, Section 8 - Terms and conditions & Payment Terms, point (l)**

Previous clause	Revised clause
The transfer of software ownership will be initiated by Vendor after the end of the first quarter of Year 3, contingent upon the clearance of all payment dues up to Year 2. IIT Bombay will identify their technical manpower resources (experts in Java , DB and related technologies) and inform Vendor to initiate knowledge transfer. Knowledge transfer will be facilitated through online sessions and as part of knowledge transfer activity, application software codes will be transferred to IIT Bombay as per T&C of this agreement.
